

Gentle Leader® Video Tape

The Gentle Leader® Video is included in the Gentle Leader® Management Kit, but is also available alone. This twenty-two minute video contains detailed instructions and demonstrations on how to fit the Gentle Leader® Headcollar both on models and on a live dog. In addition practical tips are given on how to start using the Gentle Leader®, its use with basic commands and its use in solving some basic behavioral problems.

Canine Sound Desensitization Compact Disc

This compact disc is designed as a tool to assist dogs at an early age (ideally puppy-hood) to adjust to everyday noises that they will encounter in their lives. Forty-four unique sounds are presented on this compact disc. Each sound is featured for approximately one minute. Sounds include children noises, babies crying, traffic, trains, motor bikes, door bells and chimes, lawn mower, dish washer, fire crackers, hot air balloons, gun shots, dogs barking, clapping, thunder storms, cats meowing, and many others.
