THE GENTLE LEADER® ULTIMATE CANINE HARNESS

PABA's newest product was designed to provide maximum canine comfort and increased effectiveness for owners using harnesses. The unique side straps on this harness lie on the outer surface of the dog's legs eliminating chafing on the inner surface of the dog's legs as often happens with conventional harnesses. You can now walk, jog or run with your dog without the fear of causing discomfort or injury.

Size	Single Harness	Each For 10 or More
